

Material:

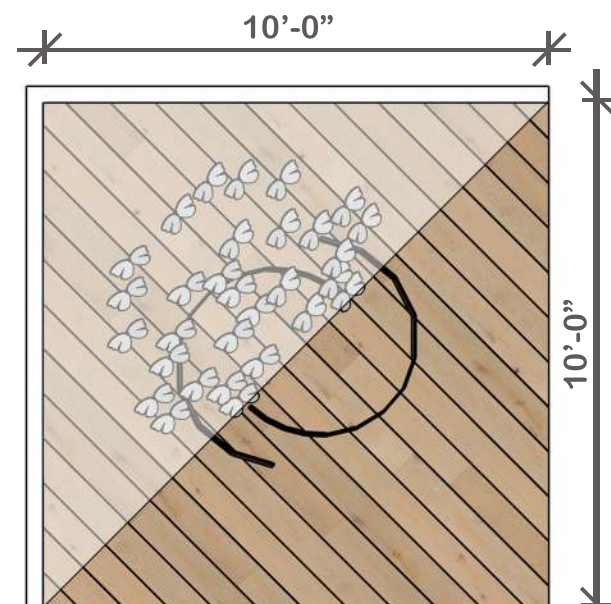

Perspective

Construction:

- 2 layers of flooring, so each side does not show the back of the floor
- Diagonal cut from 24" to 48" high
- Using hinge to fasten the floors to create a 22" radius arch
- Two arches with 11" clearance

Plan & Elevations:

Plan

Elevation 1

Elevation 2

- Hooks on ceiling to hold sewing threads / fishing lines
- Sewing threads / fishing lines to hang butterfly wings, knot to fix
