Use the code MDEX.

#### **When can I start the program?**

Intakes: September, January, May

#### **How many courses do I take?**

Full program details can be viewed on the [Program Outline](#).

Graduation requirements

14 Program Courses

Additional Information

To be successful in this program you are required to provide your own Apple Mac notebook computer prior to the start of the program. Your computer should have at least 8GB of memory, 256GB of disk space and capable of running OSX version 10.13 (High Sierra) or better.

## What are the varying forms of delivery?

This program is delivered through GC Flex.

### What is GC Flex?

A GC Flex course means faculty deliver lectures and labs in the classroom and simultaneously online.

This means the course has a day and a time so that students can come in person, they can watch the lecture live virtually during the class time OR they can take the course asynchronously.

All students are in the same section. You just study the way that works best for you.

[View the GC Flex ebook](#)

Students wanting to study online asynchronously – PLEASE NOTE – because these courses are delivered in 3 different methods, the course you register into will show a day and time – if you choose to study asynchronously, you are not required to attend live classes, either virtually or on-campus but you MAY be required to be online at certain times to write and assessment.

▼ Mobile Game Design - MDEV 1003  
Tuesday, Sept. 5, 2023

MOBILE GAME DESIGN - MDEV 1003  
Fee: \$344.4

**How long will it take to complete the certificate?**

This varies depending on how many courses you take each semester. Total courses: 14

3 courses per semester: finish in 5 semesters (just under 2 years)

Example: Fall – Winter – Summer – Fall – Winter

2 courses per semester: finish in 7 semesters or 2.5 years

Example: Fall – Winter – Summer – Fall -Winter – Summer – Fall

**What is the cost of the program?**

There is no program fee when studying part-time.

As a part-time student, you can take 1, 2 or 3 courses at a time in any given semester.

Payment is per course, as you register.

The course fees change year-to-year and course to course. The best source for accurate fees is to check the [Mobile Application Development](#) website. See screenshot below.

The screenshot shows a webpage section titled "Course information" with a sub-section "Course offerings and equivalents". Below this, it says "Currently available courses are listed below." and displays a table of courses. A large blue arrow points from the left towards the table, with the text "Click on Course name to view fees and schedule".

Course title	Course code
<a href="#">Advanced Android Development</a>	<a href="#">MDEV 1009</a>
<a href="#">Advanced iOS Development</a>	<a href="#">MDEV 1007</a>
<a href="#">Application Design and Interfaces</a>	<a href="#">MDEV 1000</a>

## Mobile Game Design

MDEV 1003

### Course description

Building immersive and engaging interfaces requires developers to have experience with the principles of game design. Students explore the creation of 2D and 3D worlds, and examine the concepts of mobile game design such as storyboarding, environment design, game mechanics and world creation.

### Credits

3

### Course Hours

42

Students registering for credit courses for the first time must declare a program at the point of registration. Declaring a program does not necessarily mean students must complete a program. Individual courses may be taken for skill improvement and upgrading.

For more information, please [contact Continuing Education](#)

### Available Courses

Unless stated, the course fee does NOT include the textbook(s). Not all courses have required textbooks. See [registration data](#) for courses that are not yet open.
