THREE-PART MICRO-CERTIFICATE SERIES

## DIVERSITY, INCLUSION AND BELONGING IN THE WORKPLACE

The words diversity and inclusion are seemingly everywhere these days, and yet there's not always a clear understanding of what they mean in our daily lives in the workplace.

This series of online workshops seeks to demystify the language, suggests practical strategies for building more equitable workplaces, and invites participants into a deeper exploration of their various identities and how these shape lived experiences. If you feel lost about where to begin, this series will serve as a guide to transform your workplace into one where all people feel they belong.

<b>MODULE 1</b>	Cultures of Belonging
<b>MODULE 2</b>	Identities and Diversity Patterns
<b>MODULE 3</b>	Courageous Workplaces

Complete all three modules and receive the Diversity, Inclusion and Belonging in the Workplace Series micro-certificate. Modules must be completed in sequential order as each module builds on the skills learned in the previous module.
